

# Gravity Paintings

## Materials

- Pipette or straw
- Paint
- Water
- Cardboard
- Markers
- Materials for decorating

## Instructions

- Fill up a pipette with a mixture of paint and water.
- Use the pipette to drip the paint onto the cardboard.
- Lift up and turn the cardboard - use gravity to make the paint change directions and form patterns.
- Once the paint has dried, create designs using your decorating materials (like tissue paper, glue, pipe cleaners, etc.), or draw with markers over the paint.
- Show off your painting!
