The Works Museum makes learning about science and engineering interesting, engaging, and fun. The Museum's unique exhibits and programs create memorable learning experiences for all children. Our mission is *to inspire the next generation of innovators, engineers, and creative problem solvers*. If you're looking for a collaborative workplace where you can make a difference for kids in our community, this might be a fit for you.

Our STEM Educators facilitate hands-on engineering programs, including school group workshops, summer camps, and Family Engineering Nights. Programs take place at the Museum, off-site in the metro area, and Greater Minnesota. STEM Educators also work collaboratively to develop and revise curriculum. We are looking for people who share our passion for science, technology, and engineering.

This educator will be dedicated to:

- Making engineering inspiring, relevant and accessible to children.
- Creating an environment that welcomes every child, parent, and teacher.
- Facilitating open-ended problem solving and experiential learning.

Preferred Qualifications

- Bachelor's Degree or equivalent experience, preferably in Elementary Education, Secondary STEM Education, or a STEM career.
- At least 1 year of experience working with elementary-age children, in an informal or formal setting: schools, early childhood centers, after-school programs, summer camps, museums, etc.
- Excellent verbal and written communication skills.
- Interest and/or background in STEM.
- Experience working with diverse communities; multi-lingual is a plus.
- Ability to lift 50 pounds.
- A valid Minnesota driver's license.

Personal Attributes

- Proven ability to work in a team setting as well as independently.
- Punctuality, attention to detail, and excellent follow-through.
- Flexibility and a good sense of humor.
- Advocate for culturally responsive educational practices.
